

PROSTAGLANDINS LEUKOTRIENES AND ESSENTIAL FATTY ACIDS

Prostaglandins Leukotrienes and Essential Fatty Acids (1990) 41, 287-290
© Longman Group UK Ltd 1990

0952-3278/90/0041-0287/\$10.00

Subject Index to Volume 41

A

- Alpha-linolenic acid-containing diets, effects on eicosanoid synthesis and ornithine decarboxylase activity in rat mammary tumours of, 105
Amnion, human, monokine-stimulated prostaglandin E₂ production by, 67
Aorta
 eicosanoid synthesis by, effect in the rat of nabumetone and its principal active metabolite on, 195
 induction of 15-lipoxygenase in, and relationship to atherosclerotic plaque formation in rabbits, 273
Arachidonic acid
 metabolism of
 in human granulosa cells, 265
 in inflamed rat colonic mucosa, effect of essential fatty acid deficiency on, 167
 platelet-activating factor and its relation to prostaglandins leukotrienes and other aspects of, 71
 by polymorphonuclear neutrophils, enhancement in asthmatic patients of migration and, 131
 by polymorphonuclear neutrophils, in vitro effect of dipyrrone on, 89
 in uterine strips from spayed rats, effects of morphine on Ca²⁺-uptake cyclic AMP synthesis and, 151
plasma levels of, in uncontrolled essential hypertension, 27
platelet aggregation induced by, effects of platelet-activating factor antagonists on thromboxane A₂ formation and, 181
platelet aggregation and mortality in rabbits induced by, protection by garlic against, 95
uptake and incorporation into tissue lipids in uterine strips from ovariectomized and ovariectomized-diabetic rats: effects of 17-beta-estradiol, 207
Asthma (tics)
 enhancement of arachidonic acid metabolism and human neutrophil migration in, 131
 in vitro leukotriene C₄ synthesis by blood eosinophils from, and predominance of eosinophil subpopulations with high potency for LTC₄ generation, 243
Atherosclerotic plaque formation in rabbits, relationship of vascular 15-lipoxygenase induction to, 273

B

- Bartter's syndrome, evidence that circulating 6-keto-prostaglandin E₁ causes the platelet defect of, 251
Bile duct ligation-induced gallbladder prostaglandin synthesis, sex differences in, 259
Blood pressure
 cardiodynamic effects of prostaglandin E₁ in sheep with congestive heart failure, 45
 see also Hypertension
Bone physiology and pathology, in vivo studies of the role of prostaglandins in, 139
Bowel disease, inflammatory, eicosanoids and, 215
Breast: eicosanoid synthesis and ornithine decarboxylase activity in mammary tumours of rats fed varying levels and types of n-3 and/or n-6 fatty acids, 105

C

- Calcium uptake in uterine strips from spayed rats, effects of morphine on arachidonic acid metabolism cyclic AMP synthesis and, 151
Cancer: eicosanoid synthesis and ornithine decarboxylase activity in mammary tumours of rats fed varying levels and types of n-3 and/or n-6 fatty acids, 105
Cholinergic system, muscarinic, release of thromboxane B₂ by antilaminin IgG through activation of, 101
Collagen-induced platelet aggregation and mortality in rabbits, protection by garlic against, 95
Colon
 effect in the rat of essential fatty acid deficiency on eicosanoid production in inflamed mucosa of, 167
 eicosanoids and inflammatory bowel disease, 215
Corpora lutea: identification and purification of a bovine membrane glycoprotein with [³H]prostaglandin F_{2α}-binding properties, 51
Cyclic AMP
 does not inhibit A23187-induced prostaglandin biosynthesis in cultured rabbit renal microvascular endothelial cells, 119
 synthesis in uterine strips from spayed rats of, effects of morphine on arachidonic acid metabolism Ca²⁺-uptake and, 151
Cyclooxygenase
 assay for, using a pan-specific monoclonal antibody, 201
 metabolite synthesis in inflamed rat colonic mucosa, effect of essential fatty acid deficiency on, 167
 metabolite synthesis by polymorphonuclear neutrophils, in vitro effect of dipyrrone on, 89
Cytokines
 effect on prostaglandin biosynthesis by human decidua cells of, 35
 production by *Propionibacterium acnes*-elicited liver adherent cells of, 187

D

- Decidua see under Uterus
Diabetic rats, ovariectomized, effects of 17-beta-estradiol on uptake and incorporation of arachidonic acid and dihomogamma-linolenic acid into tissue lipids in uterine strips isolated from, 207
Diet see Polyunsaturated fatty acids
Dihomogamma-linolenic acid uptake and incorporation into tissue lipids in uterine strips from ovariectomized and ovariectomized-diabetic rats: effects of 17-beta-estradiol, 207
Dipyrrone, effect in vitro on cyclooxygenase and lipoxygenase metabolite synthesis by polymorphonuclear neutrophils of, 89

E

- Endotoxin, effect on prostaglandin biosynthesis by human decidua cells of, 35

- Eosinophils from the blood of atopic asthmatics, in vitro leukotriene C₄ synthesis by, 243
 17-beta-Estradiol: effects on uptake and incorporation of arachidonic acid and dihomogamma-linolenic acid into tissue lipids in uterine strips isolated from ovariectomized and ovariectomized-diabetic rats, 207

F

- Free radical generation in uncontrolled essential hypertension, 27

G

- Gallbladder prostaglandin biosynthesis mediated by acute inflammation, sex differences in, 259
 Gamma-linolenic acid-containing diets, effects on eicosanoid synthesis and ornithine decarboxylase activity in rat mammary tumours of, 105
 Garlic, antithrombotic activity of: its inhibition of thromboxane B₂ synthesis during infusion of arachidonic acid and collagen in rabbits, 95
 Gastropathy see Stomach
 Glucocorticoids, effect on prostaglandin E₁ receptor binding in rat small intestine of, 63
 Granulosa cells, human, production of intracellular arachidonic acid metabolites by, 265
 Group B haemolytic streptococci-induced neutropenia in newborn piglets, prostanoid inhibition and, 125

H

- Heart
 antilaminin IgG releases thromboxane B₂ through activation of the cholinergic system, 101
 failure, congestive, cardiodynamic effects of prostaglandin E₁ in sheep with, 45
 newborn rat cell cultures, effect of isoproterenol on lipid metabolism and prostaglandin production under normoxic and hypoxic conditions in, 235
 15(S)-Hydroperoxy-5,8,11,13-eicosatetraenoic acid, non-cytoprotective role of prostacyclin in endothelial cell injury induced by, 157
 5-Hydroxy-6,8,11,14-eicosatetraenoic acid synthesis in polymorphonuclear neutrophils of asthmatic patients, 131
 15-Hydroxyprostaglandin dehydrogenase, NAD⁺-dependent, isolation from rat of, 19
 Hypercholesterolaemia: and relationship of vascular 15-lipoxygenase induction to atherosclerotic plaque formation in rabbits, 273
 Hypertension
 pulmonary, induction by Group B haemolytic streptococci of neutropenia and, 125
 uncontrolled essential, free radical generation lipid peroxidation and essential fatty acids in, 27
 Hypothermic renal preservation injury, prostanoids and, 173
 Hypoxia, effect of isoproterenol on lipid metabolism and prostaglandin production in cultures of newborn rat heart cells under conditions of normoxia and, 235

I

- Immune system: role of eicosanoids in renal immune injury, 1
 Indomethacin, resistance in the rat *in vivo* of renal prostaglandin E₂ biosynthesis to inhibitory effect of, 83
 Infection, onset of labour in response to and effects of endotoxin and cytokines on human decidua prostaglandin biosynthesis, 35
 and monokine-stimulated prostaglandin E₂ production by human amnion, 67
 Inflammation
 effect of essential fatty acid deficiency on eicosanoid production in inflamed rat colonic mucosa, 167

- eicosanoids and inflammatory bowel disease: regulation and prospects for therapy, 215
 prostaglandin biosynthesis by human decidua cells: effects of inflammatory mediators, 35
 sex differences in gallbladder prostaglandin synthesis mediated by acute inflammation, 259
see also Asthma; Infection; Non-steroidal anti-inflammatory drugs

Interleukin 1

- effect on prostaglandin biosynthesis by human decidua cells of, 35
 production by *Propionibacterium acnes*-elicited liver adherent cells of, 187

Intestine *see* Colon; Small intestine

- Irradiation, whole-body, changes of 6-keto-prostaglandin F_{1α} in plasma and vessel wall and thromboxane B₂ in plasma of rats following, 39

Ischaemia

- hypothermic renal, prostanoids and, 173
 mesenteric, effects in guinea pigs of prostacyclin analogue ZK 36374 and thromboxane synthetase inhibitor UK 38485 on, 163

- Isoproterenol, effect on lipid metabolism and prostaglandin production in cultures of newborn rat heart cells under normoxic and hypoxic conditions, 235

K

- Kidney
 cyclic AMP does not inhibit A23187-induced prostaglandin biosynthesis in cultured rabbit renal microvascular endothelial cells, 119
 isolation of rat renal NAD⁺-dependent 15-hydroxyprostaglandin dehydrogenase, 19
 prostanoids and hypothermic renal preservation injury, 173
 resistance of renal prostaglandin E₂ biosynthesis to inhibitory effect of indomethacin in rat *in vivo*, 83
 role of eicosanoids in renal immune injury, 1
 serum renotropic factor stimulates prostaglandin synthesis in primary cultures of rabbit kidney cells, 183

L

- Labour, infection-driven onset of and effects of endotoxin and cytokines on human decidua prostaglandin synthesis, 35
 and monokine-stimulated prostaglandin E₂ production by human amnion, 67
 Laminin: antilaminin IgG releases thromboxane B₂ through activation of the cholinergic system, 101
 Lecithins, enhancement of leukotriene production from white cells by, 115
 Leukotriene B₄ synthesis in polymorphonuclear neutrophils of asthmatic patients, 131
 Leukotriene C₄ (LTC₄)
 production from white cells, enhancement by lecithins of, 115
 synthesis by blood eosinophils from atopic asthmatics: predominance of eosinophil subpopulations with high potency for LTC₄ generation, 243
 Linoleic acid plasma levels in patients with uncontrolled essential hypertension, 27
 Linolenic acid *see* Alpha-linolenic acid; Dihomogamma-linolenic acid; gamma-linolenic acid
 Lipid(s)
 microspheres incorporating prostaglandin E₁, distribution to vascular lesions of, 269
 peroxidation of, in uncontrolled essential hypertension, 27
 Lipoxigenase
 induction of, and relationship to atherosclerotic plaque formation in rabbits, 273
 metabolite synthesis by polymorphonuclear neutrophils, enhancement in asthmatic patients of, 131
 metabolite synthesis by polymorphonuclear neutrophils, *in vitro* effect of dipyrone on, 89

Liver

- effect in the rat of prostaglandin E₂ on urea synthesis and hepatic haemodynamics in, 279
Propionibacterium acnes-elicited adherent cells: synthesis of eicosanoids and their effect on production of interleukins 1 and tumour necrosis factor, 187

M

- Monoclonal antibody to prostaglandin E₁, pan-specific, measurement of PGH synthase activity using, 201
 Mononuclear cells: and stimulation of prostaglandin E₂ production by human amnion, 67
 Morphine, effects on arachidonic acid metabolism Ca²⁺-uptake and cyclic AMP synthesis in uterine strips from spayed rats of, 151

N

- Nabumetone: effect of the antiinflammatory prodrug and its principal active metabolite on rat gastric mucosal aortic and platelet eicosanoid synthesis, 195
 NAD⁺-dependent 15-hydroxyprostaglandin dehydrogenase, isolation from rat of, 19
 Neutropenia, Group B haemolytic streptococci-induced in newborn piglets, prostanoïd inhibition and, 125
 Non-steroidal anti-inflammatory drugs
 effect on cyclooxygenase and lipoxygenase metabolite synthesis by polymorphonuclear neutrophils of, 89
 effect of nabumetone and its principal active metabolite on rat gastric mucosal aortic and platelet eicosanoid synthesis, 195
 resistance in vivo of rat renal prostaglandin E₂ biosynthesis to inhibitory effect of, 83

O

- Ornithine decarboxylase activity and eicosanoid synthesis in mammary tumours of rats fed varying levels and types of n-3 and/or n-6 fatty acids, 105
 Ovary
 identification and purification of a bovine corpora luteal membrane glycoprotein with [³H]prostaglandin F_{2α}-binding properties, 51
 production of intracellular arachidonic acid metabolites by human granulosa cells, 265
 Oviducts, influence on spontaneous motility and an prostaglandin production of ova present within, 13

P

- PGH synthase see Cyclooxygenase
 Platelet(s)
 aggregation
 arachidonic acid-induced, effects of platelet-activating factor antagonists on thromboxane A₂ formation and, 181
 collagen- and arachidonic acid-induced, protection by garlic against, 95
 prostanoids affecting, following whole-body irradiation of rats, 39
 dysfunction in Bartter's syndrome, evidence for circulating 6-keto-prostaglandin E₁ as cause of, 251
 effect in the rat of nabumetone and its principal active metabolite on, 195
 Platelet-activating factor
 receptor antagonists, effects on arachidonic acid-induced platelet aggregation and thromboxane A₂ formation of, 181
 relation to prostaglandins leukotrienes and other aspects of arachidonate metabolism, 71
 Polymorphonuclear neutrophils (leucocytes)
 arachidonic acid metabolism and migration of, enhancement in asthmatic patients of, 131

- cyclooxygenase and lipoxygenase metabolite synthesis by, in vitro effect of dipyrone on, 89
 free radical generation and hydrogen peroxide production by, in uncontrolled essential hypertension, 27
 Polyunsaturated fatty acids, dietary, effects on eicosanoid synthesis and ornithine decarboxylase activity in rat mammary tumours of, 105

Propionibacterium acnes-elicited liver adherent cells: synthesis of eicosanoids and their effect on production of interleukins 1 and tumour necrosis factor, 187

Prostacyclin see Prostaglandin I₁

- Prostaglandin E₁
 cardiodynamic effects of, in sheep with congestive heart failure, 45
 lipid microspheres incorporating, distribution to vascular lesions of, 269
 ontogeny of rat small intestinal binding of, 63
 pan-specific monoclonal antibody to, in assay for PGH synthase activity, 201
 6-keto-Prostaglandin E₁: and platelet defect of Bartter's syndrome, 251
 Prostaglandin E₂ synthesis
 by cultured rabbit renal microvascular endothelial cells, non-inhibition by cyclic AMP of, 119
 effect in the rat of nabumetone and its principal active metabolite on, 195
 effect on urea synthesis and hepatic haemodynamics in rat livers of, 279
 by human amnion, stimulation by a monokine of, 67
 by human decidual cells, effects of endotoxin and cytokines on, 35
 by polymorphonuclear neutrophils, effect in vitro of dipyrone on, 89
 in primary cultures of rabbit kidney cells, stimulation by serum renotropin factor of, 183
 renal, resistance to inhibitory effect of indomethacin in the rat in vivo of, 83
 6-keto-Prostaglandin F_{1α}
 acute inflammation-mediated gallbladder synthesis of, 259
 plasma and vessel wall concentrations of, following whole-body irradiation of rats, 39

- Prostaglandin F_{2α}
 bovine corpora luteal membrane glycoprotein with [³H]PGF_{2α} binding properties, identification and purification of, 51
 synthesis by human decidual cells of, effects of endotoxin and cytokines on, 35
 Prostaglandin I₁ (Prostacyclin)
 analogue ZK 36374 of, effects on mesenteric ischaemia in guinea pigs of thromboxane synthetase inhibitor UK 38485 and, 163
 non-cytoprotective role in endothelial cell injury induced by 15-hydroperoxy-eicosatetraenoic acid of, 157
 synthesis of
 in cultured rabbit renal microvascular endothelial cells, non-inhibition by cyclic AMP of, 119
 effect in the rat of nabumetone and its principal active metabolite on, 195
 systemic and renal, inhibition by indomethacin and meclofenamate of, 83

R

- Radiation see Irradiation
 Renal prostaglandins see under Kidney

S

- Sex differences in gallbladder prostaglandin synthesis mediated by acute inflammation, 259
 Small intestine
 eicosanoids and inflammatory bowel disease, 215
 mesenteric ischaemia in guinea pigs, effects of prostacyclin analogue ZK 36374 and thromboxane synthetase inhibitor UK 38485 on, 163
 ontogeny of prostaglandin E₁ receptor binding in, 63

Stomach: effect of nabumetone and its principal active metabolite on rat gastric mucosal aortic and platelet eicosanoid synthesis, 195
Streptococcus see Group B haemolytic streptococci
 Superoxide anion see Free radical

T

Thrombosis: antithrombotic activity of garlic and its inhibition of thromboxane B₂ synthesis during infusion of arachidonic acid and collagen in rabbits, 95
 Thromboxane A₂, platelet synthesis of
 effects of platelet-activating factor antagonists on arachidonic acid-induced platelet aggregation and, 181
 effect in the rat of nabumetone and its principal active metabolite on, 195
 Thromboxane B₂,
 plasma concentrations of, after whole-body irradiation of rats, 39
 release by antilaminin IgG of, through activation of the cholinergic system, 101
 renal synthesis of, following hypothermic ischaemia, 173
 synthesis during infusion of arachidonic acid and collagen in rabbits of, inhibition by garlic of, 95
 Thromboxane synthetase inhibitor UK 38485, effects on mesenteric ischaemia in guinea pigs of prostacyclin analogue ZK 36374 and, 163
 Tumour necrosis factor production by *Propionibacterium acnes*-elicited liver adherent cells, 187

U

UK 38485 (thromboxane synthetase inhibitor), effects on mesenteric ischaemia in guinea pigs of prostacyclin analogue ZK 36374 and, 163
 Urea synthesis and hepatic haemodynamics in rat livers, effect of prostaglandin E₂ on, 279
 Uterus
 effects of 17-beta-estradiol on uptake and incorporation of arachidonic acid and dihomogamma-linolenic acid into tissue lipids in uterine strips from ovariectomized and ovariectomized-diabetic rats, 207
 effects of morphine on arachidonic acid metabolism Ca²⁺-uptake and cyclic AMP synthesis in uterine strips from spayed rats, 151
 human decidual prostaglandin biosynthesis, effects of endotoxin and cytokines on, 35
 monokine-stimulated prostaglandin E₂ production by human amnion, 67

W

White blood cells, enhancement by lecithins of leukotriene production from, 115

Z

ZK 36374 (prostacyclin analogue), effects on mesenteric ischaemia in guinea pigs of thromboxane synthetase inhibitor UK 38485 and, 163
